

The authorities repeatedly
interrogated and tortured me
by electric shock.

I could only see them
through a glass window
at the hospital but...

One day
I got paroled
and was told
my children
were sick.

they gave me
a dead body
of my son.

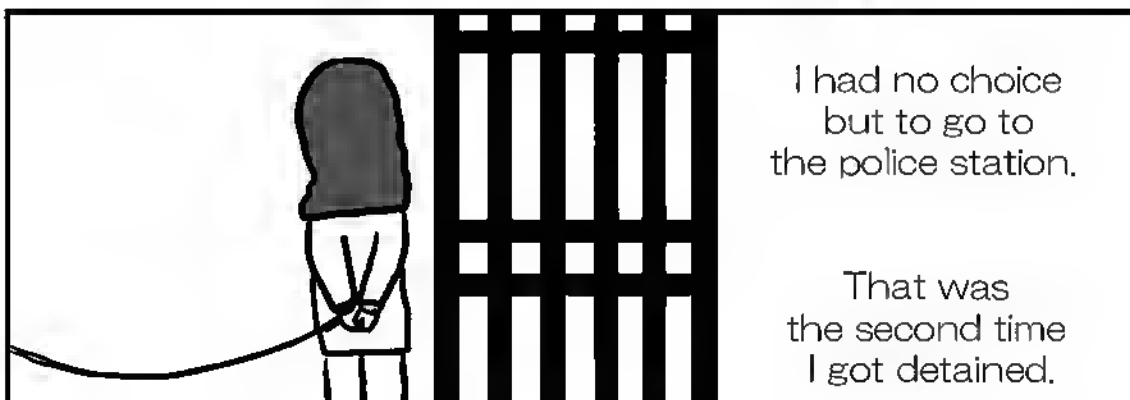

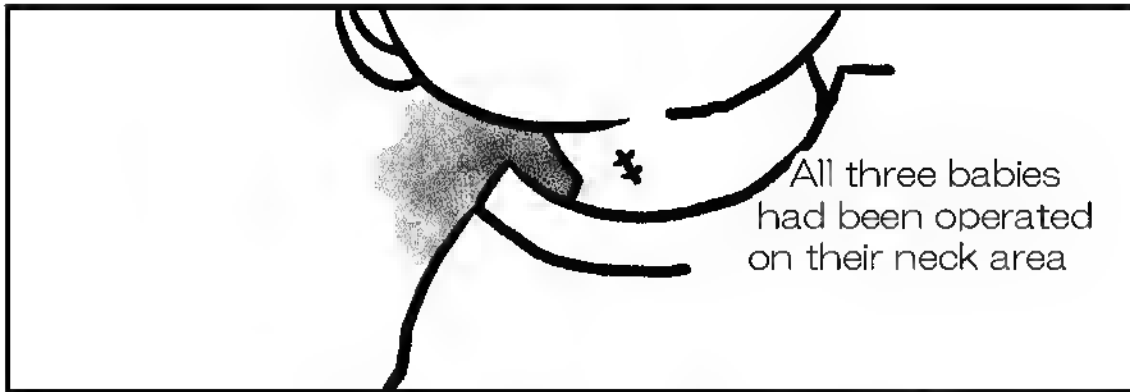

the next day,

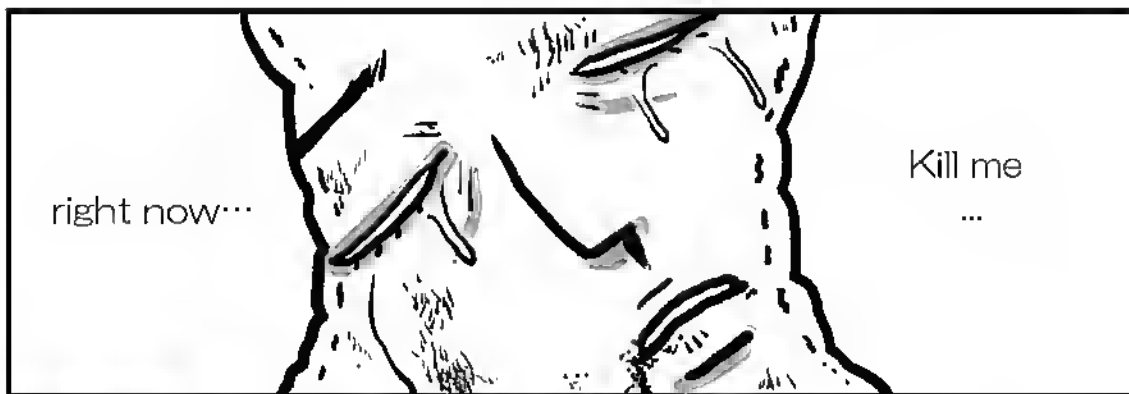

who was born biggest
among the triplets.

It was
my oldest son,

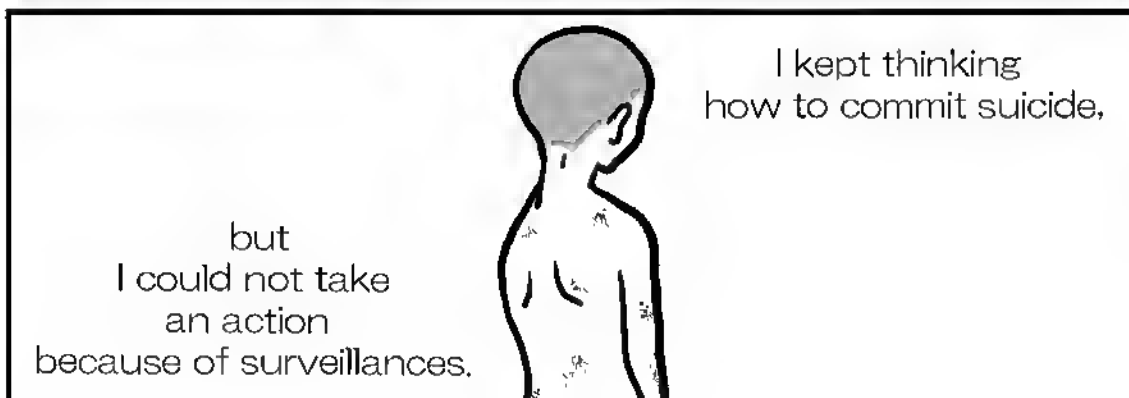

right now...

Kill me
...

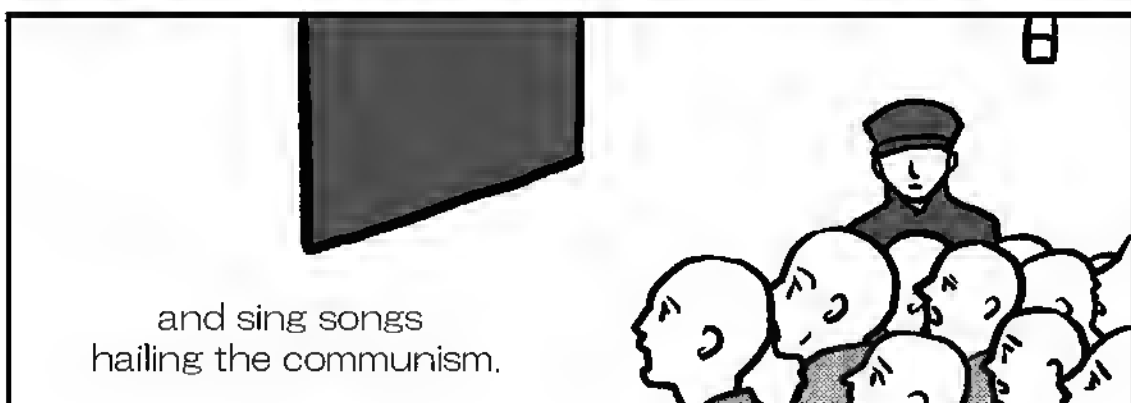

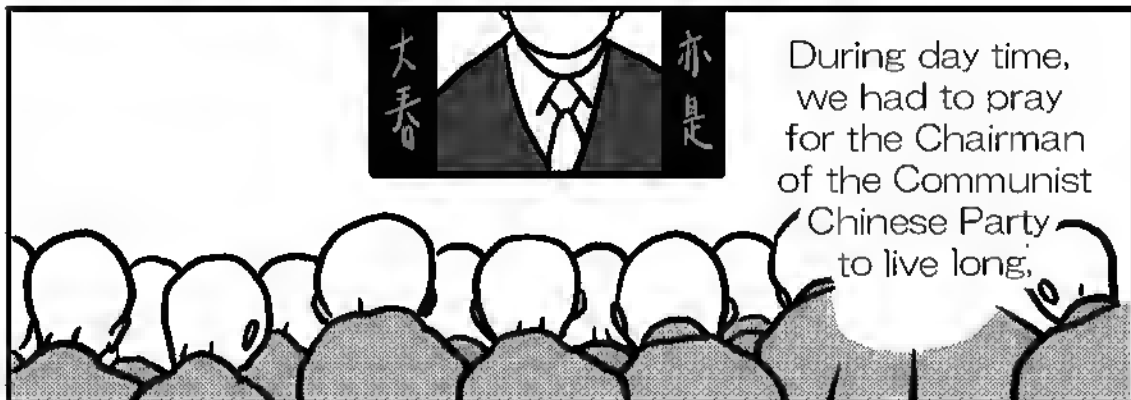

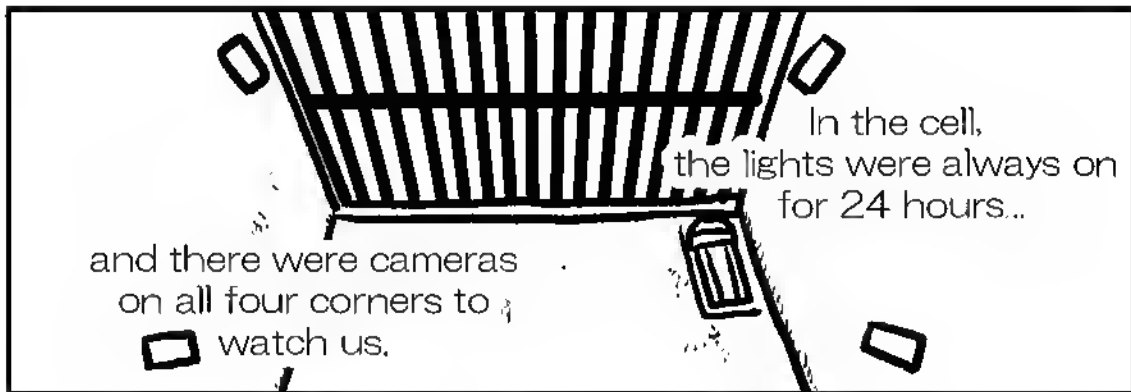

let you die
that easily.

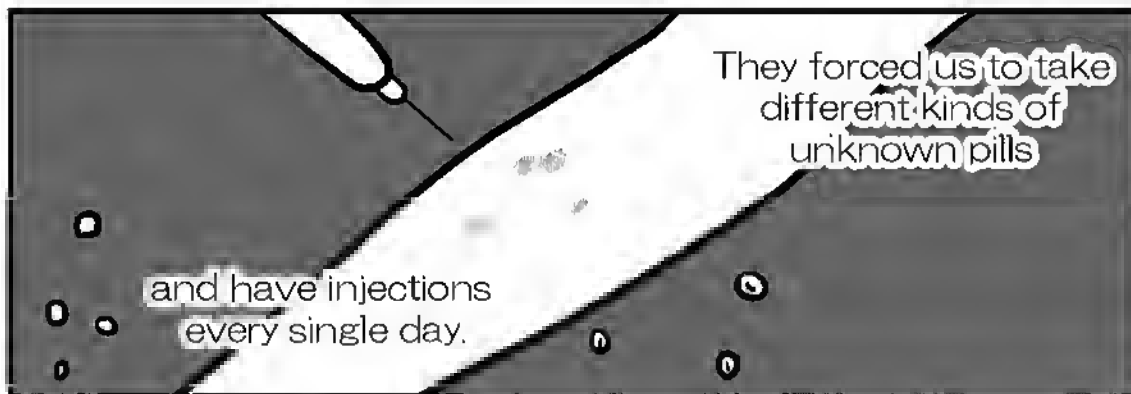

We will not
...

but
I could not take
an action
because of surveillances.

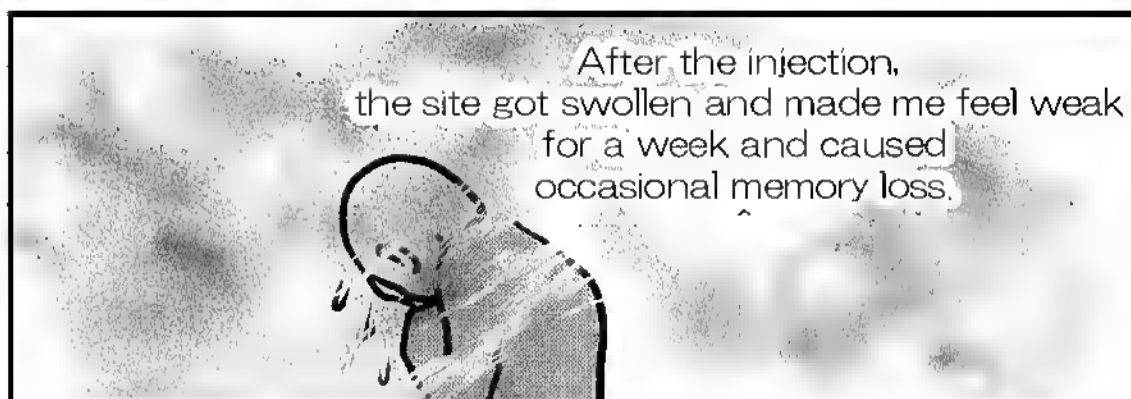

I kept thinking
how to commit suicide,

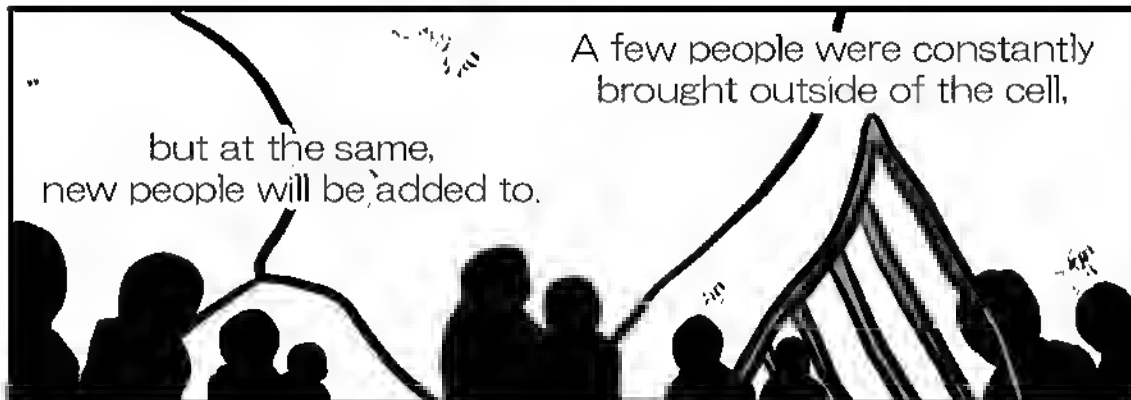

They forced us to take
different kinds of
unknown pills

and have injections
every single day.

After the injection,
the site got swollen and made me feel weak
for a week and caused
occasional memory loss.

A few people were constantly
brought outside of the cell,

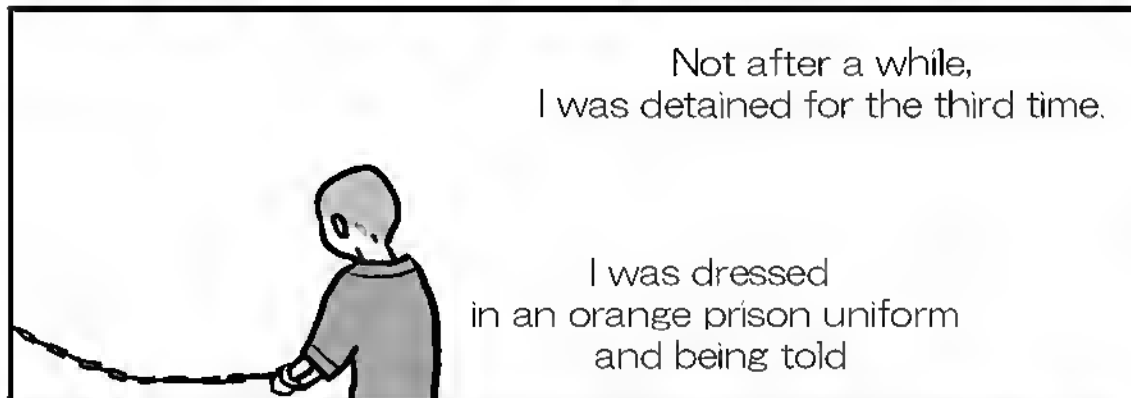

but at the same,
new people will be added to.

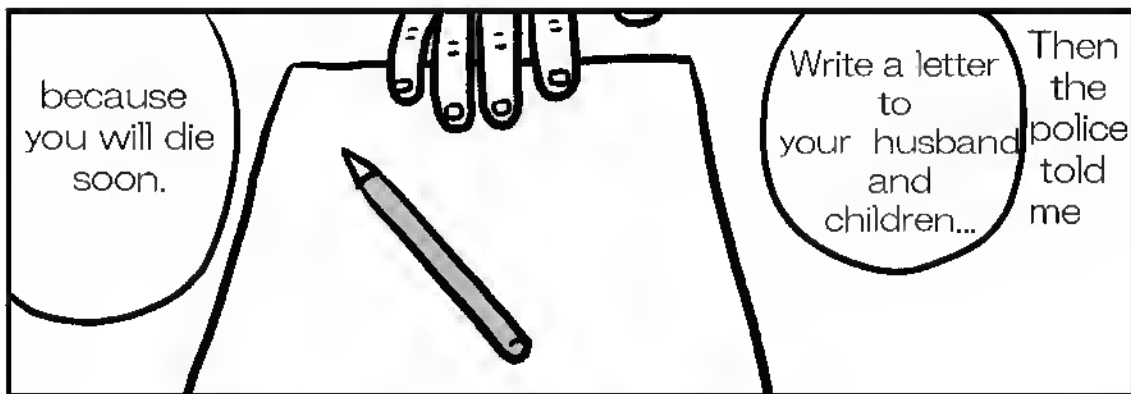

We could hear the beatings,
the men screaming,

and people being dragged around
from other cells.

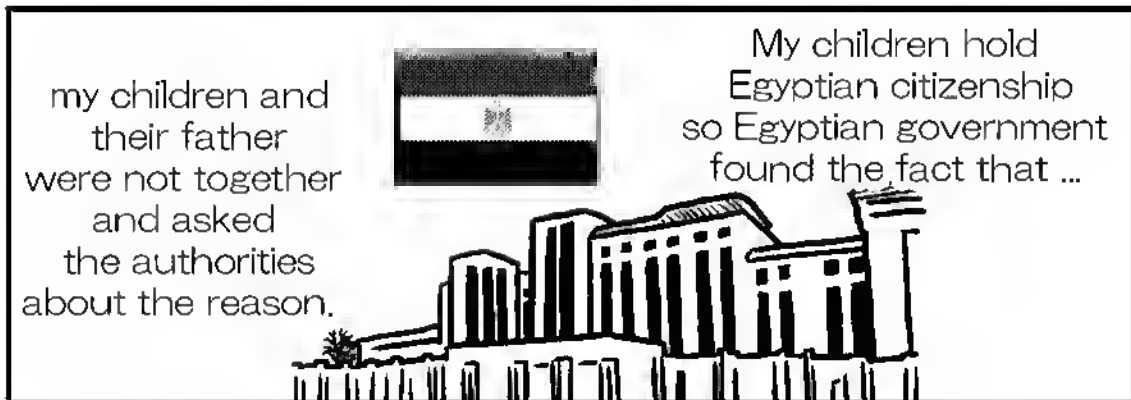

because
you will die
soon.

Write a letter
to
your husband
and
children...

Then
the
police
told
me

We will send
the letter
to them
so tell us
where they live.

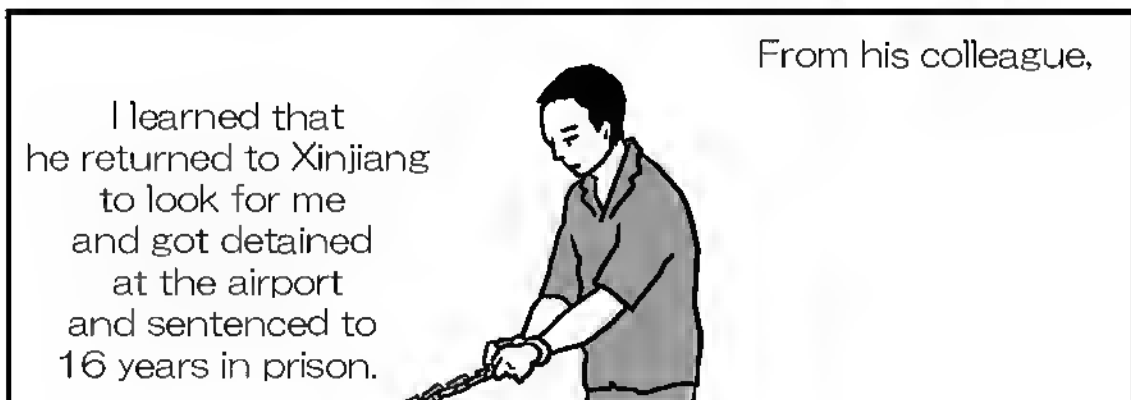

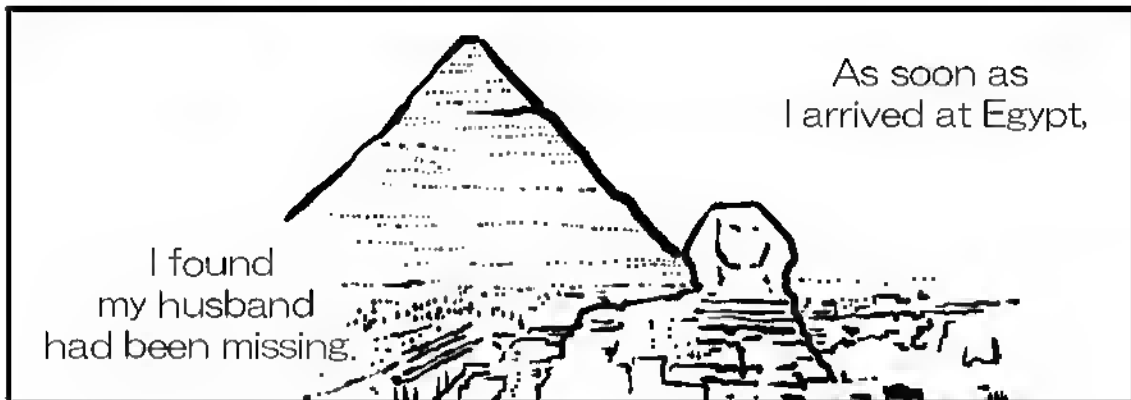

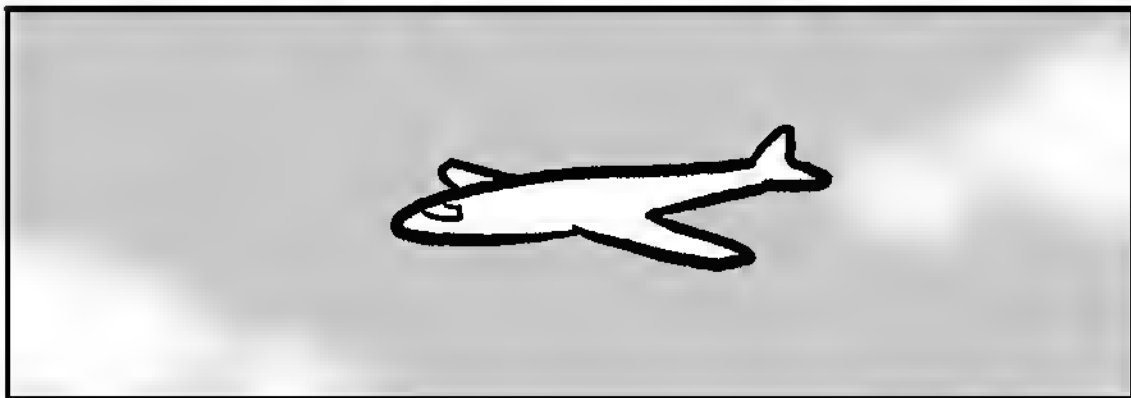

my children and
their father
were not together
and asked
the authorities
about the reason.

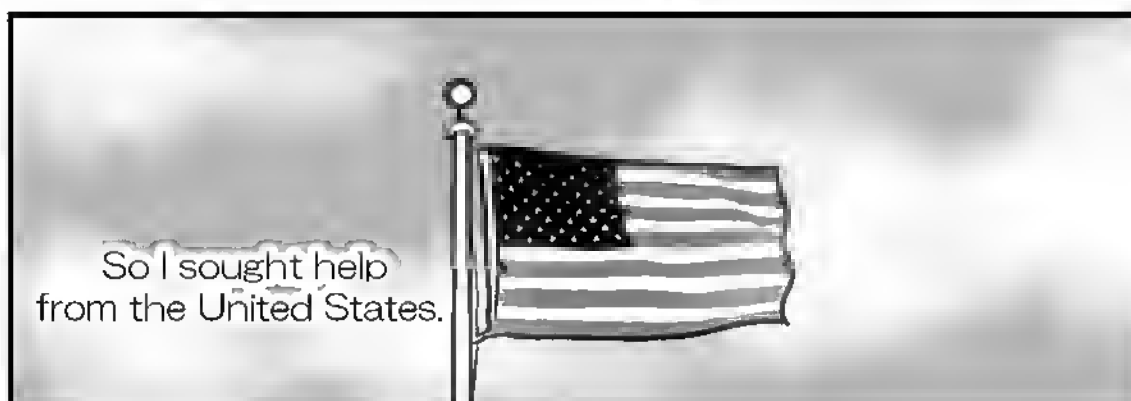

My children hold
Egyptian citizenship
so Egyptian government
found the fact that ...

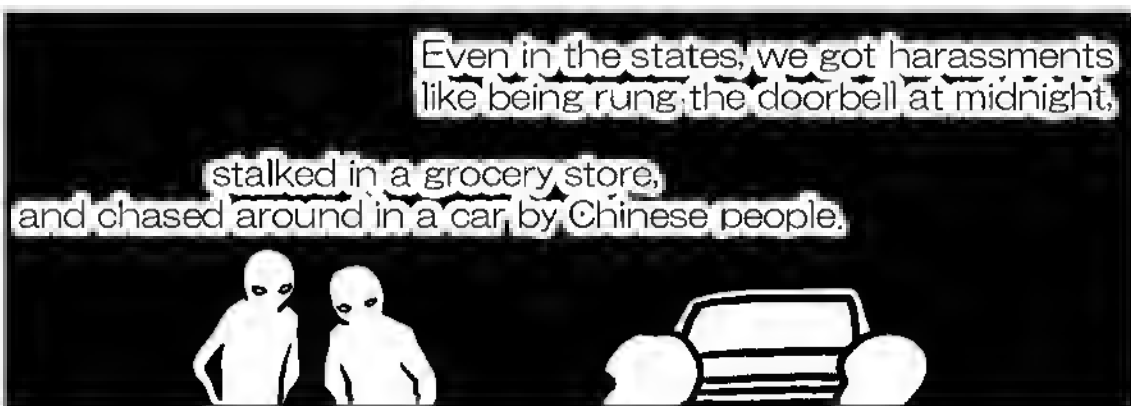

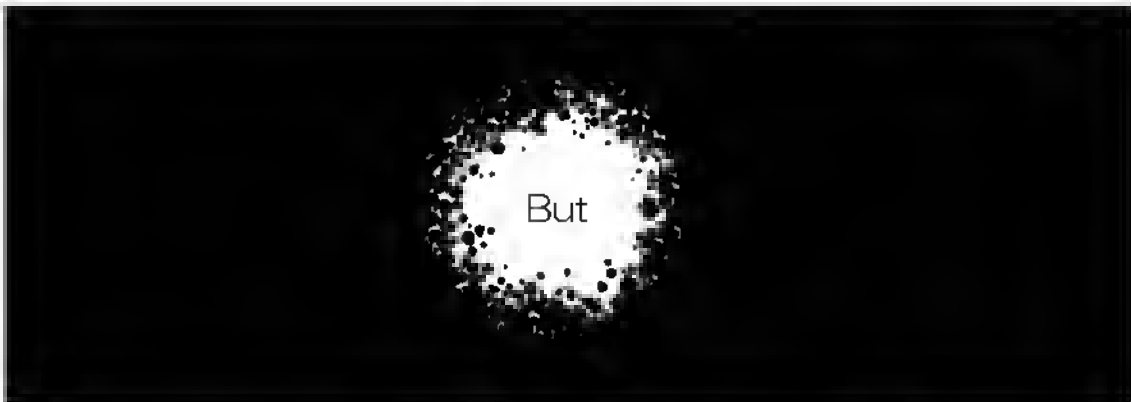

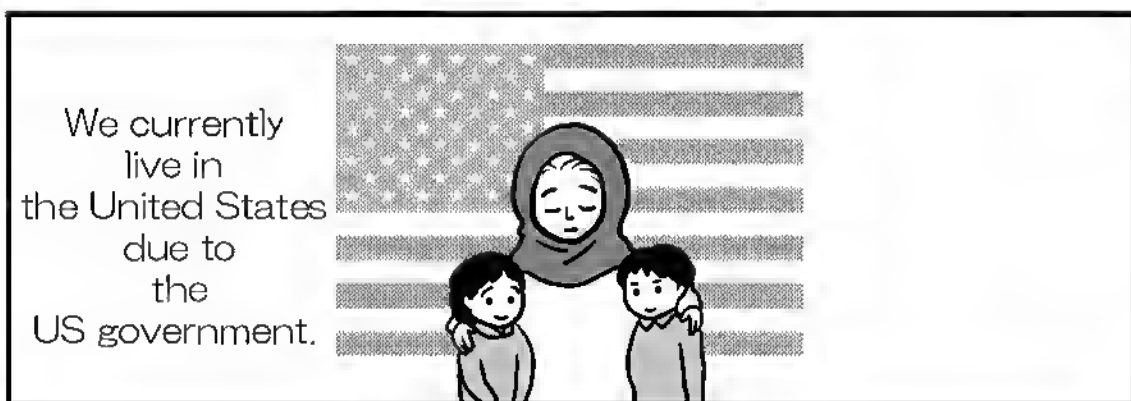

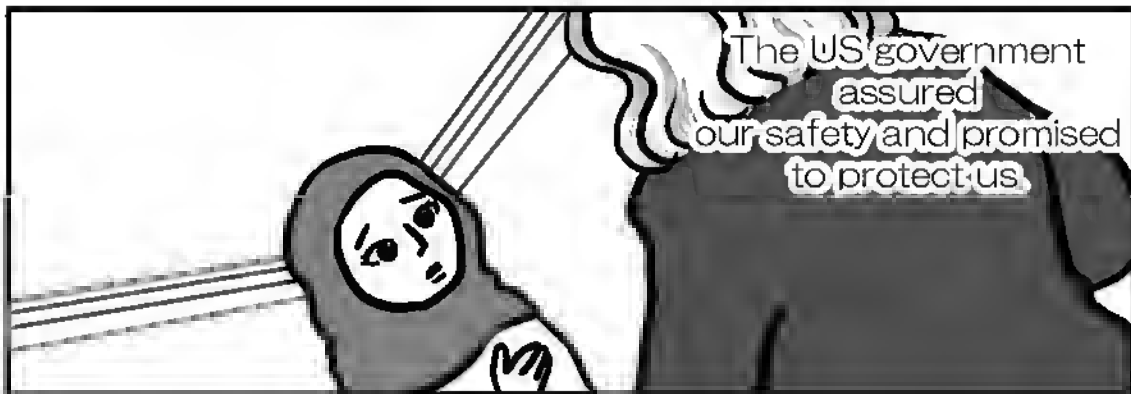

So
the authorities allowed me to
take my children to Egypt.

My oldest son
who passed away will not come back no matter what.

So
I gathered my courage
and decided to tell the world what had happened to me.

My name is

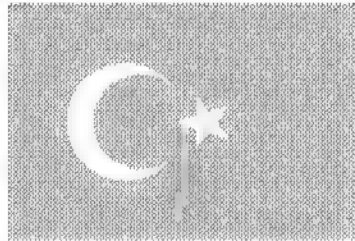

Mihrigul Tursun.

Please

I hope
my story will reach to as
many people as possible
and can help more
Uyghur around the world.

Please
know more
about Uyghur.
